Thanks a lot, Teddy Slatius, for being the
best there is.
Our deepest appreciation to Walter Dean,
Jerry Ragavoy and everybody at the Hit
Factory, Sterling Sound, Pete Weiss,
Alan Blazek, Wayne Tarnowski, and Billy
Scruggs for making this recording possible.
And without Clive Davis, Ron Alexenburg,
Don Ellis, Rick Dobbis and everyone at
Epic, Frank Barcelona, Barbara Skydel,
Bill Elson, Mike Martineau and everyone at
Premier, Jess Borck, Max Mensch, Kalypso
and Bea, Richard L. Barovick and
Eli Schoenfield, George Crombez, Jimmy
Bannan and Joe McConnall nothing
would be possible.

And most of all to Barbara.
Special thanks to Rick Derringer for
slide guitar, pedal steel, bass, back-
ground vocals and clavies.
