## ABOUT SY3B

SY3B was formed by home brew enthusiasts in Shrewsbury who wanted to scale up their hobby.

It's not about making money. The beer can't be sold or exchanged. It is for 'Domestic Use Only'. That way there is no Beer Duty payable.

We all buy a share of the brewing equipment and kegs. If you want out and someone else wants in, you get your share money back.

We share the cost of ingredients, and share the output equally.

You can choose how much or how little you are involved in the brewing.

# SY3 BREWING SYNDICATE

## WHAT WE DO

We offer a 1/20 share of a nano brewery with 200 L capacity.

We split the cost of ingredients and share the output, taking it in turns to choose the beer style and its name.

Everyone can choose how much they want to be involved in brew day.

The beer is packaged in to mini kegs with CO2 and tap so you can have your own bar at home.

# £1,000

PER 1/20TH SHARE

You can sell your share to someone else for £1,000

It's a non-profit syndicate. No one makes any money out of this.

# £15

PER MONTH FOR  
INGREDIENTS IN EXCHANGE  
FOR ROUGHLY 10L PER BREW

(approx 50p per 330ml serving)

(for domestic use only - no resale or exchange allowed otherwise we must pay beer duty on 100% of all production forever)

WITH OTHERS"

## OUR VISION

To get 100 Syndicates in the UK, all brewing their own craft beer on professional equipment.

## OUR RULES

Have fun.  
Respect the syndicate.  
Don't sell the beer.

THE SS  
BREWTECH  
NANOBREWERY  
is similar to the  
brew kit we will  
buy.

Made in  
Stainless Steel  
and designed by  
professional  
brewers.
